

## **HGS REPORT TO THE 2019 NAGM**

It's been a busy last few months for the HGS, but the main thing is I have managed to update 6 years' worth of NAGM changes into the Constitution documents and I will be talking about this on the day. I'll try and make it not too mind numbing :-). We need to get the documents ratified on the day so if you can all help me do that, it would be great.

Otherwise I have been attending NEC meetings, following up on actions, and minuting the NAGM as per my main tasks.

I have enjoyed being HGS over the past 2 years but now it is time for a change. I will be delighted to do it again if voted back in but, partly but not completely due to work commitments, I will be unable to engage as much as I have done up to this point. I will still write up the 2019 NAGM minutes and I am always available to help or sort out any queries, but a lot of what I will do going forwards will have to be "Best Endeavours". If that is good enough for you, please vote for me. If not, well I'll see you at the bar anyway, or even better, stand against me!
