

MIDLAND AREA REPORT - Presented to AGM 2021

General

It has been a strange time for all of us and it is brilliant to see the work that is being done around the Federation during these difficult times with limited opportunity to run events.

As the months have progressed, we have seen the limitations on what we can do have some pretty major impact.

There was no KL summer do or WASH. Many groups have taken the opportunity to embrace the offerings of virtual events.

I think people are realising how much value there is in the social lives we all have, or perhaps that should say had, both within and outside of Plus.

Midland Area have held, are currently running and plan to hold several virtual events over the coming months and touch wood some of our members will be supporting the larger scale events such as the 80th.

We have a tough time ahead- as does everybody.

I am confident that as a new normal is established people will hopefully be looking to establish an active social life again and that Plus may be a part of that.

Finances

As of the last committee meeting net worth around £5000.

Membership - 131

Bradford	2
Bromsgrove & Redditch	5
Coventry	3
Leeds	2
Lichfield	6
Lincs Quest	83
