

HGS Report to the August NEC Meeting

I was disappointed at the lack of interest in the Virtual May 2018 NEC meeting, it was something I really thought could work. Still at least we can say we tried.

I will bring the latest draft Constitutions etc to the meeting where I hope the NEC can ratify them in principle. We will need the 2019 NAGM to accept these properly of course.

I also created the GDPR Privacy Notice (with help from Mark) which is now on the home page of the website. In tandem with this, the membership form has also been updated.

I still have to do the minutes of the 2018 NAGM.
